

Storage unit:

In order to get to the storage unit, exit the building to the parking garage side. Once you see parking spot #20 (unit spot). Walk left about 100 feet to the garage entry point. Walk through the gates. Proceed toward the "L1" location. From there you will see three steel doors on a brick wall. The entrance to the storage area is the center door. It is also the only door without a label on it. Use the large key to enter. The storage unit is the second locker on the right as you enter. Use the Master lock key to open the door.
